MINUTES OF ENVIRONMENTAL PUBLIC HEARING IN RESPECT OF SUBANSIRI UPPER HYDRO ELECTRIC PROJECT (1605 MW) HELD AT SINGIK HALL, PILOP, DAPORIJO, UPPER SUBANSIRI DISTRICT, ARUNACHAL PRADESH.

An environmental public hearing in respect of Subansiri Upper Hydro Electric Project (1605 MW) executed by M/s NHPC Limited was conducted on 24.03.2026 from 10:00 hours onwards at Singik Hall, Daporijo, Upper Subansiri District, Arunachal Pradesh.

Following panel members were present during the public hearing:\

1. Shri Tasso Gambo, APCS : Chairman
Deputy Commissioner, Daporijo
Upper Subansiri District
2. Shri Jumli Kato : Member
Scientist-B
Arunachal Pradesh State Pollution Control Board,
Naharlagun.

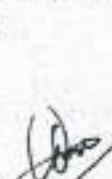

Representatives of NHPC Limited:

1. Shri Deepak Rattan Sagar : Group General Manager (Civil)/ HOP
2. Shri Ashish Dash : General Manager (Env)
3. Shri Manmeet Singh Choudhary : General Manager (Env)
4. Shri Shiva : Group Senior Manager (Hydrology)
5. Shri Tajen Dulom : Group Senior Manager (Civil)
6. Shri Kito Dulam : Group Senior Manager (Electrical)

Consultants of behalf of NHPC Limited:

1. Shri Sanjeev Kumar Yadav : Senior Manager, R.S Environlink Technologies Private Limited

(JUMLI KATO)
Scientist-B, APSPCB
Dept. of Environment & Forests
Govt. of Arunachal Pradesh

Deputy Commissioner
Upper Subansiri District
Daporijo

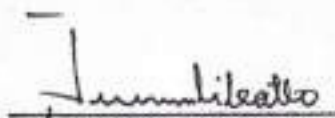

The list of the Speakers from the project affected villages is as below:

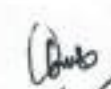

1. Shri Adanm Gusar : President, Subansiri Upper Hydroelectric Project Left Bank Affected Organization.
2. Shri Jidak Bagbi : Conveyor, Subansiri Upper Hydroelectric Project Right Bank Affected Organization.
3. Shri Taniya Soki : Hon'ble MLA, 24 ST Assembly Constituency, Daporoji
4. Shri Nyato Dukom : Hon'ble Minister, Commerce & Industries and IPR, Government of Arunachal Pradesh.

In all 627 (Six hundred Twenty Seven) people/public attended the public hearing. The attendance sheet is enclosed as Annexure-A

At the outset, Shri Jumli Kato, Scientist-B, representative of Arunachal Pradesh State Pollution Control Board (APSPCB), Naharlagun while welcoming the Project Affected Families (PAFs)/Public elaborated the provisions of the EIA Notification dated 14th September, 2026 and subsequent amendments issued by the Ministry of Environment, Forest & Climate Change, Government of India pertaining to Environmental Clearance for developmental projects and requirements of environmental Public Hearing thereof. He stated that environmental public hearing is being conducted as per the provisions of the said notification.

Further, he explained the objective of the environmental public hearing is to solicit and record the opinions, views, comments or objections of the people residing at and in adjoining areas of the project sites likely to be affected by the construction of the proposed Subansiri Hydro Electric Project (1605 MW).

(JUMLI KATO)
Scientist-B, APSPCB
Dept. of Environment & Forests
Govt. of Arunachal Pradesh
Naharlagun - 791110

Deputy Commissioner
Upper Subansiri District
Daporoji

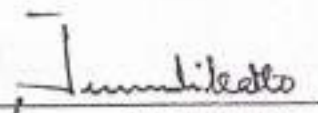

He further added that the environmental public hearing is a part of the Environmental Clearance process and that no decision on project clearance can be taken during the hearing as its sole role is strictly confined to recording of opinions, discussions, suggestions submitted in writing or orally, so that the same can be submitted to the Ministry of Environment, Forest & Climate Change, Government of India. The Ministry will examine and scrutinize such views, comments, suggestion by the project affected people while processing the application for Environmental Clearance.

Power Point Presentation on the project and Summary EIA report

The draft EIA/EMP study has been prepared by Consultant, R.S. Envirolink Technologies Private Limited, Gurgaon. Shri Sanjeev Kumar Yadav, Senior Manager of the Consultant Firm gave power point presentation on the proposed project on behalf of the Project Proponent in English as well as in Hindi for better understanding of the PAFs/Project Affected People. The presentation was mainly divided into project description, details of Environmental Impact Assessment (EIA), details of Environmental Management Plan (EMP) and Environmental Management Plan (EMP) budget.

Under project description, he explained in detail about sub points like project location, salient features of the project, project layout, land requirement, proximity to protected area.

Under Environmental Impact Assessment, he explained in detail about sub points like study area and study period, water environment, surface water quality, ground water quality, physical environment like air monitoring, noise monitoring and traffic monitoring, air quality index, physical environment and land use and land cover, physical environment like soil sampling, biological environment covering floral diversity, faunal diversity, aquatic ecology, socio economic environment, public perception, positive and negative impacts of Socio-economic environment.

(JUMLI KATO)
Scientist-B, APSPCB
Dept. of E & F, Govt. of Arunachal Pradesh
Naharlagun - 791110

Deputy Commissioner
Upper Subansiri District
Dibrugarh

Under Environmental Management Plan (EMP), he explained about pollution control measures, Resettlement & Rehabilitation Plan, Corporate Environment Responsibility/Local Area Development Plan, Environmental Monitoring Programme, Catchment Area Treatment Plan, Compensatory Afforestation Plan, Biodiversity Conservation & Wildlife Management Plan, Fisheries Development Plan, Muck Management Plan, Landscaping & Restoration of Construction sites, Reservoir Rim Treatment Plan, Sanitation & Solid Waste Management, Public Health Delivery System, Energy Conservation measures, Labour Management Plan, Green Belt Development Plan, Dam break modeling & Disaster Management Plan.

Open House Discussion;

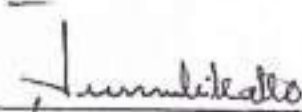

After power point presentation, the Project Affected Families (PAFs)/Public from Project Affected Villages (PAVs) were given time to present their views/suggestions/objections/queries/words of appreciations regarding the proposed project.

Accordingly, the views, suggestions, etc. expressed by the project affected people are as follows:

1. Shri Adam Gusar. President, Subanriri Upper Hydroelectric Project Left bank Affected Organization.

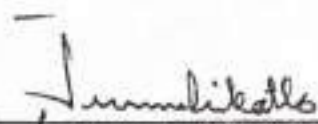

(The views put forth by him are as follows)

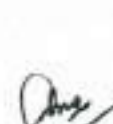

- The people of Left Bank and Damporijo Constituency fully support and welcome the project.
- Right from the beginning our people had been supporting the project, considering it as a developmental project.
- I on behalf of people of Damporijo constituency would like to request that after completion of this environmental public hearing, property assessment should be started immediately.

(JUMLI KATO)
Scientist-B, APSPCB
Dept. of Environment & Forests
Govt. of Arunachal Pradesh
Naharlagun - 791110

Deputy Commissioner
Upper Subansiri District
Damporijo

- We support and welcome the project, but the project proponent should also know the difficulties/grievances of the project affected people/public. Proper benefits should be given to the project affected people.
- I feel that if the project comes, our people will be economically uplifted, socially improved. , our area will develop, the district will develop and the State will grow.
- Our district should become a revenue generating district.
- The Compensation should be disbursed transparently to the project affected families as per the MoA and LARR Act of 2013.
- We support the project, so we feel that as this project comes, there will be employment generation in the area. The unemployment will be reduced due to this project.
- Our people are giving the land, the Rehabilitation of our people should be done properly as the MoA.
- There should be provision of road from Dumporijo to Dollungmukh. It will be the shortest route and will be a life line for the people of Upper Subansiri District.
- There should be provision of 2 Lane road from Gida Bridge Point to Left bank of the project site.
- There should be a provision for a good hospital and an institute, so that our people are benefitted.
- I want to know, is there any provision/benefits for the downstream people.

 (JUMLI KATO)
 Scientist-B, Agriculture
 Dept. of Environment & Forests

 Dispur, Dispur, 791005

 Deputy Commissioner,
 Upper Subansiri District
 Daporijo

2. **Shri Jidak Bagbi, Conveyor, Subansiri Upper Hydroelectric Project Right bank Affected Organization.**

(The views put forth by him are as follows)

- I am speaking on behalf of the right bank pro dam people.
- I am very satisfied with the PowerPoint presentation shown by the Consultant of the Project Proponent.
- We the right bank people, support the project as this will benefit the people and the district.
- There is a provision under LARR Act that there will be periodical review of the land compensation. I would like to request Deputy Commissioner Sir that, if the provision still exist, then kindly look into it.
- The land compensation rate is highly classified. I would request the Deputy Commissioner Sir to give the best land compensation rate, so that the affected people are satisfied.
- As regard to job reservation, 100 % job reservation should be made in the unskilled jobs from the project affected families.
- There are many unemployed youths in our area with graduation degrees. First priority should be given to the project affected families in Group-B and Group -C posts. After that, if vacancies still arise, the vacancy should be filled from the district.
- Maximum construction works including power house will be done in right bank, also maximum villages in the right bank will be submerged. So, priority should given to Tahiha right bank in supply works, contracts works etc.
- As regard to Rehabilitation part, provisions like medical, road in the to be rehabilitated area should be expedited.
- To be rehabilitated area should be a good and feasible one.

(J. J. KATO)
Scientist-B, APSPCA
Dept. of Environment & Forests
Govt. of Arunachal Pradesh
Naharlagun - 791110

Deputy Commissioner
Upper Subansiri District
Daplu

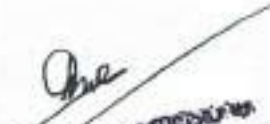

- Some villages are not included in re-settlement list. Further, villages like Nayam, Mara and Bagbi from right bank and Lera and Horo from left bank are most vulnerable, but these villages are not included in the re-settlement list. This be looked into and an appropriate action must be initiated to include such villages in the re-settlement list.
- There should be quality work in the down construction, so that people of downstream could sleep nicely without any fear of dam break.
- After completion of property assessment the payment should in one go, not in installments.

3. **Shri Taniya Soki, Hon'ble MLA, 24 ST Assembly Constituency, Daporoji**

(The views put forth by him are as follows)

- When I became MLA in the year 2019, I had placed in the Legislative Assembly for revival of Subansiri Upper Hydroelectric Project /Menga Project.
- Secondly, I placed for immediate construction of Mib Geko to Gergamukh road.
- It is proud moment for people of Upper Subansiri that NHPC is coming with Subansiri Upper Hydro Electric Project /Menga Project.
- People should not fear about dam break, as NHPC Limited had clarified that dam has been designed to withstand 11 Rector Scale seismic wave.
- There should not be global tender in road construction work. Money should come to State Government exchequer. The work must be awarded project affected families.
- For civil work to land affected people, the ceiling amount should be increased from 1.5 Cr to 5 Cr.

(JUMI KATO)
 Scientist-B, APSPCB
 Dept. of Environment & Forests
 Govt. of Arunachal Pradesh

Deputy Commissioner
Upper Subansiri District
Daporji

- We want the public know that, when the MoU was signed, we were not consulted. We want this MoU to be revised. Our consultation is to be taken as we are the public representative.

3. **Shri Nyato Dukom, Hon'ble Minister, Commerce & Industries and IPR**
(The views put forth by him are as follows)

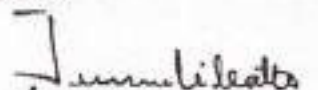

- There is no anti dam in Upper Subansiri, its all media narrative. People are just asking for their right.
- Everybody wants development.
- In the year 2023, I had placed in the Legislative Assembly about the Subansiri Upper Hydroelectric Project /Menga Project.
- I am very happy to see such a huge gathering for this environmental public hearing.
- Our area should also march along with rest of the country as per the Prime Minister's vision of *Bikshit Bharat* by 2047.

Clarifications given by the Project Proponent.

Shri Deepak Rattan Sagar, Group General Manager/HOP, NHPC Limited clarified the raised by the Project Affected Families (PAFs)/Public during the hearing. The same is marked and enclosed in the public hearing proceeding as ANNEXURE-B.

Address by the Deputy Commissioner, Upper Subansiri District cum Chairman, Environmental Public Hearing.

Shri Tasso Gambo, APCS, Deputy Commissioner, Upper Subansiri District-cum-Chairman, Environmental Public Hearing congratulated the Project Affected Families (PAFs)/public. He expressed his gratitude to all the attendees for their active participation.

(JUMLI KATCO)

He further stated that NHPC Authorities has clarified the queries raised by the public. Assessment as per R & R Plan is the part of State Government and District Administration will do it. Rate will as per LARR Act and is uniform for the entire State.

He assured the gathering that Free and fair compensation will be disbursed as per LARR Act. Compensation will be disbursed in one go, not in installments. So far the job reservation is concerned, he assured that first priority shall be given to project affected families.

Vote of Thanks

The meeting concluded with vote of thanks by the Additional Deputy Commissioner, Daporijo, Upper Subansiri District.

ANNEXURE-B

Issues raised by the Public and
Clarifications given by the Project
Proponent (M/s NHPC Limited
executing Subansiri Upper Hydro
Electric Project (1605 MW)

ANNEXURE-B

Issues raised by the PAFs/Public during Environmental Public Hearing for Subansiri Upper HE Project (1605 MW) at Daporijo and Clarifications given by the Project proponent.

S.No.	Issues raised by PAFs/Public	Clarification given by the Project Proponent
1	Whether Land Compensation will be paid in one-go or in instalments.	It is intimated that there is no direct role of NHPC in land compensation. Land compensation bills shall be raised as per the Land Acquisition Act by DC, Daporijo & submitted to NHPC for payments. The compensation amount can be paid in one-go by NHPC as per the direction of DC, Daporijo.
2	Engagement for contract works from PAFs in the Project.	There is a policy of NHPC Limited on engagement of unskilled contract labour from PAFs in the project. This policy of NHPC is already in place and the same will be implemented for PAFs only once the project is cleared for implementation. Accordingly, following works are reserved for PAFs/Locals. (i) The value of works and services to be awarded to any single entity at any point of time shall be limited to Rs.1.25 Crore. (ii) Work pertaining to Environment Management Plan for proposed project and works related to Community Development (eg. Water supply scheme, Construction of Panchayat Building, Footpaths etc) (iii) Running and Maintenance of Office and Canteens and Guesthouses (iv) Horticulture and Plantation works (v) Painting and Whitewashing of Buildings /structures in township, Power House, Dam, Barrage etc (vi) Housekeeping in Office/Guesthouse/Field Hostel/Transit Camp, Power House, Dam, Barrage etc. (vii) Construction of Internal Roads, Breast wall, Retaining walls in Resettlement colonies and Townships. (viii) Vehicle hiring: in case of S&I Projects, where PAFs are yet to be identified, the work of hiring of vehicle be awarded to the locals. When the project comes under construction, the already awarded work of hiring may be continued till end of contract period and further for such works first priority shall be given to PAFs. Similarly at Power Stations for the vehicle hiring first priority shall be given to PAFs only. After PAFs, the works shall be sourced from locals. Further, in case of jobs in C&D category, the priority will definitely be given to PAFs/locals from this project affected area only.

(HOP)

3.	When will R&R Plan be implemented and how the PAFs be settled at new location.	The R&R Plan is being finalized as per the provisions of RECTLARR Act, 2013 at State Government level. Land compensation will not be released until R&R Plan is approved. Regarding resettlement of affected families at new place, it is intimated that it totally comes under the purview of DC, Daporijo. However, the basic facilities/amenities to be provided at new settlement colony such as, community health center, communication i.e. roads and water etc as per LARR Act, 2013 will be taken care of by NHPC.
4	Status of Damporijo-Dollongmukh-Ananda Bagan Road.	NHIDCL is constructing this road. The road has been declared as Strategic Road.
5	Strengthening of District Hospital, Daporijo	We will strengthen Daporijo district hospital with ambulances and best quality equipments under CSR policy of NHPC Limited for the use of general public. In addition to this, project hospital will also be open for local people. We will also organize medical camps with the help of District Health Authorities from time to time for the wellbeing of the local communities.
6	Periodic Review of the Land Rates	It is not in our purview. DC, Daporijo will clarify you.
7	Some villages not included in the list of Affected Villages	It is intimated that we have not been given any updated Census Data; as censuses not happened since 2011. Hence, the list of villages which are not included in the list of project affected villages, are now included in the Social Impact Assessment (SIA) study report got prepared by the State Government last year.
8	Seismic study/status of the dam	We have obtained the seismic study done for project/ dam area by IIT, Delhi and IIT Roorkee. Hence, project components will be designed as per the studies of the above institutes. We always emphasize that our structures must sustain for longer period.
9	Why proposed capacity of dam is reduced from 1200MW/2000ME to 1605 MW	It is clarified that initially the study of this river was done in 1976. By that time the concept of Environmental Flow in the downstream of the dam was not in study. Presently we find the reduced flow in the river. Hence, to comply with the current norms/regulations of E. Flow, we will make arrangement for release of average 20% water downstream of the dam in the 90 dependable year to maintain ecological balance. We will generate 6131.55 MU energy from the available volume of water. It is also clarified that installed capacity is a matter of machine capacities. When we get 6131.55 MU of energy from machines of 1605 MW capacities then we do not need installing machines of higher capacities.
10	Regarding apprehension for downstream area	It is assured that proper care shall be taken by us during construction of the project with the preparation of a Disaster Management Plan (DMP)/Emergency Evacuation Plan with the help of district authority which will have measures to avoid any disaster downstream of the dam.
